WIND BLEW STREAKY

Wind Died Down So That Race Was Put Over a Short Time--Columbia Moved Better.

Glenoeve, May 21.—Early this forenoon the waters of the Sound were smooth as a mill pond and no breeze was blowing, but the wind picked up a little shortly after ten o'clock, coming in light, streaky puffs from the northwest. It was anything but an ideal day for a yacht race, however, and unless the wind strengthened the race between the Columbia and Reliance will be little more than a drifting match.

The preliminary gun was fired at 11.45, but ten minutes later the committee boat signalled that the start would be postponed until later, there being scarcely any breeze.

As the yachts sailed to and fro near the line after the preliminary gun had been fired it was noticed the Columbia moved more briskly in light air than the Reliance. As the two yachts came near each other the Reliance with her luminescent high rig towered far above the Columbia.

About a score of large steam yachts arrived at the starting line by twelve-thirty and about two hundred large sailing yachts and all sorts of smaller craft. Shortly before one the wind shifted to southwest. It was steadier than before, but remained a mere zephyr.

MORE RUMORS OF EDWARD.

Believed That His Health Is Far from Being Good.

Liverpool, May 21.—The Post's correspondent among the London "Clubs" again reports that King Edward's health is far from satisfactory. "At the Marlborough Club on Tuesday one of the King's household cavalry declared that another operation on his majesty was contemplated. This, I fancy, will not prove correct, but the king's physicians are undoubtedly anxious and are persistently keeping an eye on their illustrious patient. Nothing will keep the sovereign quiet and his physique is not sufficiently robust to support the strain. At Rome he fell asleep twice while being received, one time while he was seated beside the Queen of Italy."

INSPECTORS AT BELLOW FALLS.

Modifications of the Cattle Embargo Have Been Made.

Boston, May 20.—Some modifications of the cattle embargo have been authorized by the department of agriculture to meet the requirements of the spring trade between Massachusetts and New Hampshire and also the trade with Vermont.

Vermont is now exempt from any special regulations, except a few towns, but because of its location on the other side of New Hampshire, which is a quarantined state, it could not send its products through to Massachusetts without special consent from the department. This difficulty was overcome by placing government inspectors at Bellows Falls, whence the cattle for Massachusetts are shipped.

FURTHER MASSACRES.

Reported That General Killing of Jews in Roumania Is Planned.

Berlin, May 21.—Dispatches to newspapers here show that a violent anti-Semitic epidemic has resulted from the Kishineff massacre and that it is spreading throughout eastern Europe. The Bucharest correspondent of the Vossische Zeitung wires that a general massacre of Jews in Roumania has been planned for today and the government is encouraging the feeling against the Jews, the minister of the interior having announced new expressive measures against them. Tagblatt's correspondent wires that a general massacre of Jews in Roumania has been planned for today and the government is encouraging the feeling against the Jews, the minister of the interior having announced new expressive measures against them. ST. ALBANS SUSPECT TICKET-OF-LEAVE MAN

Albert Rodier Identified Beyond Reasonable Doubt by Montreal Chief of Detectives.

St. Albans, May 20.—Albert Rodier, alias Armand Voyer, the suspect being held in the county jail for the Summerskill burglary, and who is also wanted in St. Johnsbury on a charge of burglary, a warrant from that town now being in possession of Sheriff B. F. Kelley for his apprehension should he succeed in obtaining bail, has been identified beyond the shadow of a doubt as Armand Voyer, who is out of the St. Vincent de Paul penitentiary in Montreal on a ticket-of-leave. Sheriff Kelley's prompt action in having Rodier or Voyer photographed despite his strenuous objections has already resulted in this identification. Today Sheriff Kelley received a letter from Silas H. Carpenter, chief of detectives of Montreal, enclosing a photograph of Voyer which settles his identity beyond dispute. Chief Carpenter's action was caused by his seeing a cut of Voyer in La Presse, which was made from the photograph Sheriff Kelley caused to be taken.

Rodier's number in the Montreal rogues' gallery is 3,814. Enclosed with this photograph was another of a "pal" of Voyer's who may have been operating here with him or in this section. Sheriff Kelley has received a telegram from Colonel Sherwood, the commissioner of police to whom Voyer was supposed to report, asking that the prisoner be delivered to him for commitment to the penitentiary if he cannot be convicted here, and that, in any event, he be returned to the Canadian authorities when his term of imprisonment shall be finished here. This may explain Rodier's strong resistance when his photograph was being secured.

IN UNITED STATES COURT.

C. E. George, Charged With Unlawfully Driving Mails, Denied Continuance.

Windsor, May 20.—The United States Circuit and District courts are in session now, having convened yesterday afternoon. A hearing was had on a demurrer to the indictment in the case of the United States vs. Charles E. George for using the United States mail unlawfully. The demurrer was annulled and respondent was ordered to answer over. The respondent then filed a motion for continuance, which was also overruled by the court.

In the following cases a nol pro was entered in each case on motion of United States Attorney Martin: United States vs. A. B. Skiller, United States vs. M. M. Dean and United States vs. L. J. Johnson. In the case of United States vs. O. W. Ford, the court ordered the bail reduced to the sum of \$500. A jury was then empaneled in the case of R. C. Bacon, administrator, vs. New England Order of Protection, and the case proceeded to trial. The plaintiff examined five witnesses and the defendant 22 up to time of adjournment of court for the day.

McGETTRICK FOR HEARST.

Vermont Man Thinks He Will Be Democratic Candidate.

Burlington, May 21.—Felix W. McGettrick, late candidate for governor of Vermont on a Democratic platform, says that "the probability is that New England will present the name of Richard Olney and he would be a strong candidate. But in view of the serious and widespread industrial disturbances, agitating and menacing the business interests of the country, and the position of the men on these questions, I am looking for the popular wave in favor of William H. Hearst or Carter H. Harrison, or both of them to make up the ticket. Then again Gorman with either of these men for second place would, I believe, be a winning proposition. But as I have said it is too early to predict the winner either in convention or at the polls."

GRANT TEN HOUR DAY.

A Concession Made By Bennington Employees.

Bennington, May 20.—A large meeting of the employees of plants where 65 hours have constituted a week's work, was held last evening to hear the report of a committee appointed a week ago to ask for a sixty hour week and a Saturday half holiday.

The committee reported that the manufacturers would concede the first, but could not the holiday. The action was declared satisfactory after some discussion. Under the new arrangement work will be so carried on that all the mills will close at 4.30 Saturday afternoons. By this arrangement all the mills here come under the ten hour a day plan.

ROUGHLY HANDLED.

Mob of Workmen in New York Attempted to Break Water Pipe.

New York, May 21.—Infuriated by the report that the contractors were to import three hundred negroes from Baltimore to take the strikers' places on the subway a mob of several hundred Italians gathered at Fourth Avenue and Lafayette Place this morning and attempted to break the large water main which was exposed as a result of the excavation. Police reserves were summoned and they dispersed the mob, some of which were roughly handled, and battered with night sticks, but no arrests were made.

IS RECOVERING.

New York Banker Who Attempted to Commit Suicide.

New York, May 21.—The hospital physicians report the condition of Washington N. Sellman, the banker, who attempted suicide last night, as satisfactory this morning, and a speedy recovery is expected.

Prindle & Averill have just received a large assignment of kerosene oil stoves.

OFFICERS ELECTED

Grand Lodge I. O. O. F. Closed Yesterday.

GRAND MASTER S. R. READ

About 400 Members Have Been in Attendance--Bellows Falls Next Year.

Enosburgh Falls, May 21.—The Grand Lodge, Independent Order of Odd Fellows, adjourned its annual meeting, held the past two days in this village, yesterday afternoon, after deciding on Bellows Falls as the place of assembling next year. Officers were elected and the standing committees named. There has been an attendance of about 400 at the various sessions, many staying over until today for the annual meeting of the Rebekahs.

The grand officers chosen were: Grand master, S. A. Reed of Windsor. Deputy grand master, F. B. Morton of St. Albans.

Grand warden, O. E. Chilson of Burlington.

Grand secretary, H. E. Parker of Bradford.

Grand chaplain, L. J. Retting of Brattleboro.

Grand representative, W. L. Haven of Chester.

The appointive officers were filed by the grand master as follows:

Grand marshal, E. A. Robbins of Newport.

Grand conductor, Calvin Endress of Barre.

Grand guardian, H. H. Slack of Northfield.

Grand herald, F. W. Jackson of Barre.

In the seventh district J. Campbell of Barre was chosen deputy.

H. L. Stillson, past grand master, chairman of committee on nominations, presented the following names as executive committee: H. M. Currier, E. H. Jackson, H. E. Parker, O. H. Henderson, H. C. Farrar, which were unanimously elected.

Last evening a reception was given the visitors at Odd Fellows' hall by Rebekah Lodge, No. 40, of Enosburgh Falls. The programme included vocal solos by Mrs. E. J. Parmelee and Miss Anna Hamilton and selections by a double male quartette and by a young people's male quartette from Bakersfield. The Enosburgh Falls band was in attendance.

GRANITE SHEDS TO RESUME.

Mould & Boynton of Morrisville Have Been Idle for Months.

Morrisville, May 20.—The Mould & Boynton granite sheds, which have been idle for several months on account of the disastrous fire, will soon resume activities and employment will be given to the usual number of men. Twenty business men have subscribed \$2500, to be used in repairing sheds and to equip the same with new polishing machines, compressor, shafting and an electric motor, the trustees having arranged to furnish power from the electric plant. Most of the lumber is already on the grounds and the work of clearing away is being rushed preparatory to building the new wing for the machinery and a separate building for the blacksmith shop. The machinery is ordered and it is hoped will arrive and be placed in position and the carpenter work completed so as to start the plant again by June 1st to 10th.

SECOND LIQUOR OFFENCE.

52 Arrests For Intoxication in Burlington Since May 1.

Burlington, May 20.—The first man in Burlington fined for a second offence of intoxication under the law is Patrick McGuire. He pleaded guilty in city court this morning and was fined \$15 and costs of \$9.75. Three more men were fined for intoxication this morning by Judge Hawkins.

Since May 1, when license became effective, there have been 52 arrests for intoxication. Out of 25 boarders in the county jail today, 19 are for intoxication.

COURT BUSINESS SLACKENS.

Not So Many Arrests for Intoxication in Rutland.

Rutland, May 20.—Business in the city court as far as drunks are concerned is beginning to slacken. The average daily number has fallen from four to two during the last few days.

William Fahy and August H. Anderson were the prisoners gathered in by the police forces last night. Both pleaded guilty to intoxication this morning and the court fined each man \$5 and the usual costs. Anderson paid and Fahy was committed to jail for 10 days.

SUES FOR \$15,000.

Winooski Man Sues Central Vermont Railway Company.

Burlington, May 20.—Emil Kelsch of Winooski has sued the Central Vermont railway for \$15,000. He claims that he was struck at Hood's crossing at Winooski by a train which came along without blowing a whistle or ringing a bell. His arms and legs were broken and his body injured so that he has been unable to work since December, 1902. The case will be heard at the September term of Chittenden county court.

INCREASE OF NEARLY 500

In Number of Polls on Grand List.

BARRE'S HEAVY PAYERS

Men and Corporations that Pay Large Taxes Into the City Treasury.

The assessors have completed, in accordance with the requirements of the law, the abstract book of the city grand lists for this year and the same was filed with the city clerk for inspection late yesterday afternoon. The assessors have also posted notices announcing that they will meet in the city assessors' rooms in the city hall, at 9 a. m., May 30, for the purpose of hearing such persons as feel aggrieved by the appraisals made.

The work of the assessors cannot be completed until after this hearing and the figures printed below are subject to changes at that time. By a new law this year the name of any person whom they have overlooked, may be added to the lists at any time before Sept. 15.

According to the figures obtainable this year's tax books contain 3,475 lists, and 2,945 polls. This is an increase of 488 over last year and increases the grand list last year was \$38,917.88. It is estimated it will be between \$43,000 and \$44,000 this.

Montpelier's Water Supply in Question.

BERLIN POND VISITED

State Health Officer Holton Advises Running Intake Pipe Into Middle of Big Pond.

Montpelier, May 21.—State Health Officer Dr. H. D. Holton of Brattleboro made a report of his investigation of the Berlin Pond water supply of the city of Montpelier before the other members of the state board of health, Drs. Caverly and Stiles, Mayor Corry, Health Officer Lindsay and Aldermen Bergen and Gutchell last evening. The report was the result of his visit to the pond yesterday afternoon in company with the mayor and the health officer.

He suggested that if a pipe was run from the reservoir into the upper pond it would take away all the danger of contamination from Berlin Corner and the Parson farm. He also said that "the unwashed wash in the pond" and this statement was corroborated by several gentlemen present.

The city council of Montpelier is thoroughly aroused to the danger of contamination of its water system and is ready to carry out to the letter any recommendations under the new law by the state board of health. The board took the matter under consideration after it had been informally discussed for two hours and Mayor Corry was informed that the findings of the board would be communicated to him by letter within a few days.

MAN STRUCK BY TRAIN THIS AFTERNOON

Thomas Lane Was Sitting on Side of Track of Central Vermont Railroad.

A man giving his name as Thomas Lane was hit in the side by the 1.15 train on the Central Vermont R. R. this afternoon, knocking him down and cutting a bad gash in the side of his face. The man was sitting beside the dry bridge over Blackwell street.

As the train was passing by the step of the engine struck the man in the side, knocking him against the end of the bridge and nearly under the car wheels. The train stopped and picked him up and brought him to the station where Dr. Reid was called to attend him.

FOREST FIRES CONTINUE.

Large Territories Along M. & W. R. R. Line Burned Over.

Montpelier, May 20.—Trainmen on the Montpelier and Wells River railroad say that the forest fire which is raging in the vicinity of Peacham pond is still beyond the control of the fire fighters and unless rain comes a great amount of damage will be done. A part of that region has recently been cut over and there the fire runs very quickly. The fires in Groton are still running but quite slowly and comparatively little damage is being done. At Nigrier Head pond there is still some fire but as the surrounding woodland has been pretty well burned over but little further damage is expected.

NARROW ESCAPE.

Man in Drunken Stupor Was Lying Across C. V. Track.

Montpelier, May 20.—A man thought to be Edward O'Brien came near going to the happy hunting grounds about noon because of his own indiscretion in choosing the Central Vermont tracks for an abiding place. Passengers on the train at that time were startled by a sudden stop while a short distance above the Wells River station. The cause proved to be a man on the track. First the police station and then the jail were telephoned to and as a result Deputy Fitzgerald went over and took O'Brien to the cooler. It was fortunate for him that the engineer was paying close attention to his duty.

ARRESTED FOR GAMBLING.

William Howard of Burlington Found at the Game.

Burlington, May 21.—William Howard was arrested at 11.15 last night at his rooms in the Exchange block by Chief of Police Brownell, assisted by Policemen Cosgrove on a warrant issued by City Grand Juror Sherman, charging him with operating a gambling establishment. The officers found Howard engaged in the great American game of poker and escorted him to the police office, where he was retained in custody. The others in the game were not arrested as no warrants had been issued for any one except Howard.

RUTLAND MAN BANKRUPT.

Albert H. White Files a Voluntary Petition in Bankruptcy at Burlington.

Burlington, May 20.—A petition in voluntary bankruptcy was filed at the district court clerk's office today by Albert H. White of Rutland. Liabilities \$2375.04, assets \$2600, exempt \$500.

HIGH TEMPERATURE GENERALLY.

Weather Bureau Predicts It for the Whole Country.

Washington, May 21.—The weather bureau predicts a general high temperature prevailing throughout the country, continued indefinitely.

MRS. A. SCHILLING DEAD.

Former Barre Woman who was Very Much Respected.

Word was received in this city today of the death of Mrs. Adolph Schilling who was well known in Barre as Miss Glee Bieckford. Death came this morning, at her home in Albany, N. Y., after about four weeks of serious illness. She had been in ill health for the past four years. The funeral will be in Albany at 4 o'clock Saturday afternoon.

Mrs. Schilling was 37 years of age and leaves a mother, two sisters and a brother, besides her husband who is one of the firm of the Schilling Co. of Albany, dealers in American and imported marble and granite.

The news of her death came with great sorrow to her relatives and host of friends in this city, who will remember her as a young lady with a most cheerful and lovable disposition.

She went to Albany directly after her marriage, fourteen years ago, but has visited here quite frequently, the last time being about two years ago. Since making her home in Albany she was pronounced one of the most beautiful women in that city.

She was a student at the Barre Academy and was very popular among her schoolmates, many of whom are living here now.

MR. AND MRS. BUGBEE WERE SURPRISED

The Occasion Was the 18th Anniversary of their Marriage, Which Was Fittingly Celebrated.

E. A. Bugbee of the firm of Bugbee & Alexander, granite manufacturers, and Mrs. Bugbee were very much surprised last evening by nearly forty of their friends who assembled at their residence on Orange street. The occasion was the eighteenth anniversary of the marriage of the host and hostess who knew nothing of the preparations made to celebrate the event.
